### DESERVES GREAT CREDIT.

County Court Clerk Price deserves credit for his attitude on the whiskey license question.

If he erred in granting a former license he is acting in accordance with a sense of honor when he refuses to grant the privilege again. It takes grit in a man to acknowledge error even in private affairs, and Mr. Price is proving he has this quality in the stand he has taken in regard to an extension of So. Pittsburg's whiskey curse.

For the few friends he may lose among whiskey partisans he will raise up hundreds of substantial friends.

At no time has the Adams law ceased to have effect at any place in this county and while Mr. Price was deceived once he is proving that it is not so easy to fool him again.

### COTTON CROP AND COTTON GUESSING.

The cotton crop promises to be short this year, and the cotton guessing contest crop of shekels will be shorter still as the government has put a stop to such performances.

When a favorite of an Atlanta newspaper could put in a guess at the last minute before closing the contest and come within one bale of estimating the entire crop marketed in a year when thousands of bales were considered, it was remarkable.

In fact it was so remarkable that the government forestalled any future remarkable events of the kind by putting a stop to such contests. In fact the government knew it was going to be a remarkable contest.

So the city newspapers of mammoth circulations will get up another scheme to gull the provincial.

It is well that the government "cottoned" to the scheme.

### PARADISE REGAINED.

Tullahoma is the thriftiest, most wide-awake town in Tennessee. Our factories are all running on full time, our merchants are doing well, the preachers are living on easy street and the lawyers have all gone a-fishing. The birds sing sweeter, the girls are prettier and the flowers are sweeter, the zephyrs play gentler, the sun shines brighter and the earth smiles lovelier than anywhere else at Tullahoma. Tullahoma Guardian.

Thunder! That is nothing. Over here the fruit crop is marked with a great big zero, the potatoes have rotted, the Southern Railway has skipped us by two miles, the coal lands can't find a purchaser, our girl has gone back on us and the gasoline engine that runs this shabang has been giving us fits. Talk about paradise! We've got it.

In a South Pittsburg dispatch elsewhere published is news of a strike at Blacklock Foundry and the reason claimed therefor seems to us to be without foundation. We have had business dealings with the managers of the Blacklock Foundry as they have been patrons of our advertising columns for some time. As we have always found them upright in their dealings we feel that the charges made have been brought forward through misunderstanding, and that the matter will be quickly settled. The Blacklock foundry has always been run on the "open shop" principle, so we understand, and hence the strike is no contest for recognition of the union. We hope to hear of an early adjustment of the difficulty.

### MINERS MEET

Convention of District No. 19, U. M. W., in session at Knoxville.

KNOXVILLE, Tenn., Aug. 1.—The United Mine Workers of America, District No. 19, assembled at the court house at 9 o'clock this morning in annual convention. The convention was called to order by President J. F. Bowden, and the roll-call indicated the presence of sixty delegates, representing fifty locals scattered throughout the district from southern Kentucky to northern Alabama and through East and Middle Tennessee.

The first business was the receipt of the report of the committee on credentials. Addresses were made by President Bowden, National Board Member Joe Vasey and others. The latter in his remarks mentioned the claim that the output of coal is in excess of consumption. If this is true, he said, then the only salvation of the working man is a shortage of hours, which may prove the keynote for a fight between the miners and operators before the scale for the ensuing year is fixed.

The committees were then appointed as follows:

Committee on Constitution—J. M. Reid, Tracy City; J. M. Pearl, Altamont, Ky.; D. C. West, Barren, Ky. Resolutions—H. A. Leacy, East Bernstadt, Ky.; Jerry Collins, Mount Ask, Ky.; R. O. Phillips, Almy, Tenn.

Officers Reports—J. S. McDonald, Tracy City; H. O. Llewellyn, Glen Mary; S. W. Thornton, Petros.

Appeals and Grievances—T. C. Narsee, Walland, Ky.; H. M. Deemer, Oswego, Tenn.; J. W. Bearden, Kenesee, Ky.

Press—W. Reeder and W. W. Angel, Representatives from each sub-district were named to select the wage scale that is required. This committee has not yet been announced.

During the afternoon the reports of President John F. Bowden and Secretary J. S. McCracken were received. The session was a busy one, but nothing of outside interest was done. The convention will continue through the week and on next Tuesday the joint conferences of miners and operators for the purpose of fixing the wage scale will be held.

### WONDERS OF WORLD.

The old world has two lists of "Seven Wonders" one for the ancient times the other for the middle ages. The first contains:

The pyramids of Egypt, The hanging gardens of Babylon, The mausoleum of Halicarnassus, Diana's temple at Ephesus, The colossus at Rhodes, The pharos at Alexander, The statue of Jupiter Olympian in Elis.

The second contains: The coliseum at Rome, The catacombs at Alexandria, The great wall of China, The leaning tower of Pisa, The porcelain tower of Nanking, St. Sophia's mosque at Constantinople.

The ruins of Stonehenge, And when it goes to that, we have a list of seven wonders in this new world of ours, too and we should like to see their superiors: Niagara Falls, Yellow stone Park and its 8,000 feet high plateau, Garden of the Gods in Colorado, Mammoth Cave in Kentucky, The Yosemite Valley in the Sierra Nevada, The giant trees of California, Natural Bridge of Virginia.

### DIED.

Will Bilbery died Tuesday morning at three o'clock, at his boarding house the home of T. G. Golston, near Whitwell. He was 26 years old and was a member of the Odd Fellows Lodge. He and his brother were both at work in Whitwell and they had been visiting homefolks near Pikeville from Thursday until Monday, and had returned to Whitwell to continue with their work. Mr. Bilbery didn't work Monday but didn't complain of being sick, but on Tuesday morning he awoke his brother by kicking the foot-board of the bed and struggling for his breath. His brother raised him up in bed but he lived only a few minutes.

No one can tell when we are going to be called away from this sinful world. That is a debt we all have to pay, sooner or later, and let us all study about it more and prepare ourselves to meet God and our loved ones that have gone before us, and that are now standing on the right-hand side of God and His holy angels. May the Lord help the dear father, mother, brothers and sisters that are left to mourn over their dear one, but God knows best.

Mr. Bilbery was not a member of any church that we know of but we hope and trust that he is sweetly sleeping in the arms of Jesus. There is a vacant place in his home that can never be filled and he is missed by all who knew him but if we will only believe and trust in Jesus, some sweet day we will meet with our loved ones again forever in that fair and happy land. His remains were taken to Pikeville Tuesday evening for burial.

May the Lord abide with you all in my prayer. A Friend.
